### Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	<i>museums, cultural heritage, visual arts, literature, other fields</i>
Description or summary of the proposed project	<p>"The Museum of Fairy Tales, as a literary and art museum, is of great importance in the development of Ukrainian culture, preservation of historical and cultural heritage and masterpieces of art and its transmission to the people. There are no similar museums in Ukraine or Switzerland. "The Museum of Fairy Tales plays an important role in the development of the future generation, its formation and development in terms of its cultural identity. The museum will visually convey all the peculiarities and diversity of different cultures and art, help both adults and children to plunge into the world of fairy tales and learn practical advice from them and enrich their inner world.</p> <p>In the exposition of the Museum of Fairy Tales, we will present folklore not only from European countries, but also from countries all over the world (more than 50 countries). We will present ancient and modern author's and folk tales, legends and myths, and literary works. We will also present illustrations and paintings by masters. The museum will regularly host festivals and contests with memorable awards, diplomas and</p>

	<p>gifts. The museum will be updated with inexhaustible information and exhibits of European and world folklore, including animated and other educational films.</p> <p>The Museum of Fairy Tales is a targeted project aimed at children aged 3 to 15, young people aged 17 to 21, and family visitors aged 22 to 100. This determines its focus on the interests, needs and specifics of this audience.</p> <p>The Museum of Fairy Tales is an interactive and gaming space, and at its core, an educational space where the main tool of cognition is the child. His/her involvement in the process, which provides an unobtrusive and at the same time the most effective form of the educational process, affects all levels of the child's consciousness.</p>
